

Black Creek Watershed Coalition Meeting Minutes April 25, 2019

Location: Churchville Village Hall Meeting Room, 23 E. Buffalo St., Churchville, NY

Attendance: Vice-Chairman Kevin Donovan, Village of Bergen; George Squires, Byron Planning Board; Lyle Warren, Churchville resident; Julie Michalko, Village of Churchville Board; Sue Davis, Village of Churchville Planning Board; Brian Ostling, Chili Highway Dep't.

Meeting was called to order at 5:36 pm by Vice-Chairman Kevin Donovan
Meeting minutes of February 28, 2019 meeting were **approved as presented**

Planning for municipal outreach

Nothing new to report at this time.

GLC Green Infrastructure Champions Workshop

George mentioned he had emailed information regarding the workshop, including a link for on-line registration. It will be held at Sunnyside Lodge in Black Creek Park on May 30, 2019 beginning at 8 AM.

Black Creek Watershed website update

George mentioned he had communication with Carol Zollweg regarding an issue with our website. It appears we need to do some updating to address new "security issues". **Lyle and George agreed to check into this.**

Citizen water quality monitoring

George reported he attended a meeting at RIT on March 11, 2019 to discuss the program and preliminary monitoring results. It appears we do not yet have sufficient data to draw any good conclusions. George mentioned that BCWC was experiencing difficulty in getting monitoring done at our Black Creek site. George Thomas mentioned he would attempt to find another individual to take over. (Subsequent communication with George Thomas indicates there is another person now on board).

Willowbank Drive Project

There was no report.

Election of 2019 Officers

Decided to push to another meeting with better attendance.

Next Meetings

May 30, 2019 in Churchville

The meeting was adjourned at 6:135 pm.

Respectfully submitted,
George Squires, Secretary
